

Healthcare and Education *Solution and Case Study*

Caritas Kindergarten of Krefeld Germany

We help the Caritas Kindergarten of Krefeld ¹ purifying the chemical contaminant, pathogenic bacteria and virus in public area to reduce the children's cross-infection tremendously², so they can provide a healthy and safe living environment³.

- 1. Caritas Kindergarten of Krefeld has more than 100 years history in Germany.*
- 2. After applied TiPE's products, the sickness rate in winter reduced respectively 72%, 64%,52% in the following 3 years.*
- 3. The cross-infection between children through air or contact becomes the biggest nosogenesis.*

☑ **INFECTION RATE DECREASING**
